

Start college your way.

You don't have to be ready to jump into a four-year university as soon as you graduate high school. **Define your own success.** Take your first steps with Moberly Area Community College and graduate from the **#1 public university in the midwest** with Truman State University.

Learn how at trumacc.truman.edu

TruMACC is a college transition partnership between Truman State University and Moberly Area Community College to give you access to both institutions' resources and better help you transition to Truman when you're ready to do so.

You'll enroll at MACC (9-12 credit hours) to qualify for financial aid and use your A+ program benefits if you have any. You'll also pay the out-of-district tuition rate at MACC for your Truman courses (3-6 credit hours).

You are able to take advantage of professional advising support, most student organizations, and facilities on both campuses while co-enrolled.

You can choose when you want to apply to transfer to Truman full time. Those who complete their associate degree with a 2.75 GPA receive automatic admission to Truman and TruPlus scholarships covering half of their Truman tuition.
